

LEIXIR

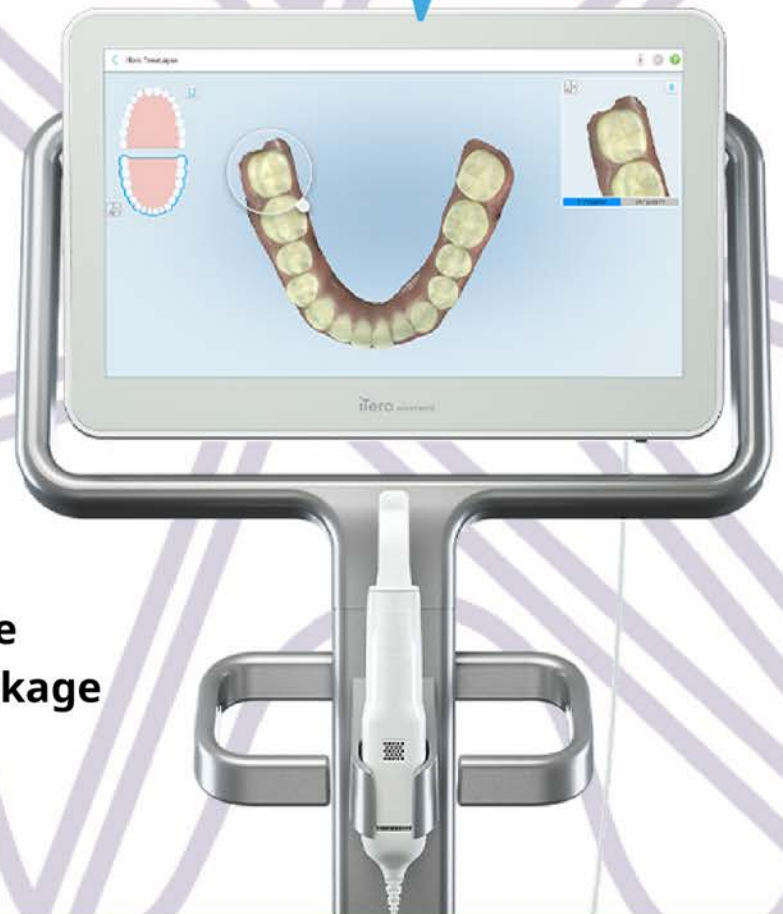

Dental Group

iTero®

With the iTero Element 2 intraoral scanner in your practice, you have a powerful system built to streamline your workflow, enhance precision, and better connect with your patients. Features like its expanded 21.5" touch widescreen and high-definition color imaging make for more compelling chairside consultations. The scanner's fast scan processing and lab compatibility make it easier to grow your practice by accepting more case volume.

- ♥ **25% faster scan processing and faster start up time**
- ♥ **Long-lasting, rechargeable battery**
- ♥ **Sends restorative STL files directly to your lab or export them from the MyiTero**
- ♥ **Available in a Restorative or Comprehensive version**

\$500 lab credit with purchase

Package Options

\$22,000 for Restorative Package

\$24,000 for Comprehensive Package

GOOD DESIGN

Won a 2018 Good Design Award
