

ZESTEDUCATION

Success with Full-Arch FIXED and Removable Overdentures

Presented by Dr.
Xavier E. Saab

HANDS-ON
LECTURE

**EARLYBIRD
\$195 OFF**

Code: ZESTREG195
VALID UNTIL August 31, 2024

COURSE DESCRIPTION

This course will provide an overview of treatment options for partial to fully edentulous patients and patients with narrow ridges using removable and FIXED prosthetics. From traditional methods utilizing natural tooth-supported solutions to more advanced applications for full-arch fixed and removable implant-retained overdentures, this program focuses on the additional benefits for both the patient and clinician when using the gold standard of attachment systems. Topics discussed include diagnosis and treatment planning with failing or terminal dentition, patient and component selection, processes, techniques, and restorative procedures for both screw-retained and FIXED prosthetics with clinical cases.

LEARNING OBJECTIVES

1. Learn protocol for processing a denture chairside and or utilizing dental laboratory.
2. Discuss Armamentarium for proper conversion of a denture to an overdenture.
3. Discuss overdenture maintenance guidelines and proper hygiene.

ABOUT THE PRESENTER

Dr. Saab completed his residency in Prosthodontics and Master of Science degree at the University of Texas - Houston Health Science Center and served as Clinical Assistant Professor in the Department of Restorative Dentistry. He is an active member of the American College of Prosthodontists, American Academy of Implant Dentistry, and Academy of Osseointegration, Dr. Saab continues his pursuit of excellence by practicing prosthodontics and implant dentistry in two locations in Houston where he has been established for over 10 years. He has been lecturing nationally and internationally in the areas of CAD/CAM dentistry, dental aesthetics, occlusion, and implant dentistry for over a decade.
